## 2,065 American Flags displayed at Murrieta's Field of Honor for Veterans Day

On November 10, 2019 Ardie and I and our dog went to Murrieta where over 2,000 American Flags were placed in their local park. To see this many flags waving in the breeze was really impressive. I took several pictures while Ardie and "Buddy" waited in the car. I asked one of the volunteers, Lou Ellen Ficke, if she would pick Ardie up in her golf cart so she could see the flags too! This lady was very nice and gave all of us a grand tour of the flags and the artist doing their patriotic chalkwork on the concrete in one section of the park.

The Field of Honor was

sponsored by the Murrieta Rotary Club and according to their sign, over the course of American history 27 different official versions have flown over our country.

Lou Ellen gave Ardie, "Buddy", and me a tour of this beautiful park full of American flags.

## Dr. Angelov Farooq, President of Riverside Unified School District appointed Chairman of California Workforce Development Board

At a celebration in downtown Riverside on Oct. 29, 2019, Dr. Farooq was recognized by the Riverside County Board of Supervisors, the San Bernardino County Board of Supervisors, the Regional Economic Development Agencies, and the University of California at Riverside for his appointment as Chairman of the California Workforce Development Board.

Dr. Farooq was born and raised in inland Southern California and grew up attending local public schools in Jurupa Valley. Angelov and his two younger sisters were raised by a single low income mother who instilled the value of education to transcend their challenging economic circumstances. Angelov has been an appointee of the governor on the board since 2013. As Chairman, he leads the largest workforce development system in the country under the vision of the Governor & Secretary of Labor.

Angelov earned his Bachelor of Arts degree from the University of California at Berkeley and both an Executive's Master degree and Doctorate of Policy Planning

and Development degree from the University of Southern California.

His local roots ensured he would return back to our community upon completion of his education.

He is passionate about promoting an innovation ecosystem for quality jobs in our region.

His global policies are enriched by having traveled to almost 50 countries that span 6 continents.

I previously met him and we talked again during the Measure "O" groundbreaking ceremony at the Highgrove Elementary School on September 24, 2019 that was covered in our October issue and then again on Nov. 20, 2019 when he came to my house and I showed him around Highgrove for an hour. He is President of RUSD and his new title will enable him to remain on the Board of Education and I am proud to call him my friend.

## New Highgrove Municipal Advisory Council members selected

On October 30, 2019 there was a meeting held at the Highgrove Library by Supervisor Spiegel's staff to announce the selection of the new Highgrove Municipal Advisory Council.

The meeting was conducted by Wendall Bugtai, Land Use Policy Advisor for Supervisor Spiegel but Supervisor Spiegel did not attend.

All seven of the new members, (the 5 members and 2 alternate members. of the Highgrove MAC) were selected from the Spring Mountain Ranch area of Highgrove. No one from the original part of Highgrove was selected.

You did not see this October 30, 2019 meeting advertised in the Highgrove Happenings Newspaper because many requests to the supervisor's office

to send us a press release about restoring the Highgrove MAC did not receive any response from Supervisor's Spiegel or her office.

Last April, on April 10, 2019, I sent an e-mail to Supervisor Spiegel asking for a press release about the Highgrove MAC so it could be published in the May issue. I did not receive a response and I have not received any responses from any of the other 13 e-mails I sent to her as far back as March 4, 2019.

Prior to her being elected, on July 16, 2018 she came to Highgrove and I showed her around our community for 2 hours but I have not been able to communicate with her since she took office on Jan. 8, 2019.

At the new MAC meeting on October 30, 2019 there were

only 3 members in the audience from the old part of Highgrove and 2 others who were also from Spring Mountain Ranch. I learned about the meeting from a friend of mine who also lives in Spring Mountain Ranch.

During this meeting the question came up about all 7 members being selected from Spring Mountain Ranch while no one was selected from the original part of Highgrove.

Mr. Bugtai, host of the meeting, stated that no applications were received from the original part of Highgrove but corrected himself when one of the 3 members in the audience was present at the meeting. This member is from the original part of Highgrove and had applied for a position on the MAC, but was rejected.

I know for a fact that there are

at least 2 members from the original part of Highgrove who applied for a seat on the new MAC but were not selected.

If you have been following our newspaper you know that before Supervisor Tavaglione eliminating the original Highgrove MAC, I resigned from the MAC before the public hearing and asked Supervisor Tavaglione to continue to allow the MAC to hold monthly meetings without me.

The Oct. 30, 2019 MAC meeting was the first Highgrove MAC meeting in the library for over 2 years. Prior to the Oct. 30th meeting the last time a previous MAC meeting was held was on November 16, 2016 when the previous Highgrove MAC sent 27 questions to Riverside County

# HIGHGROVE HAPPENINGS

## Highgrove MAC

before obtaining legal council. Answers from Riverside County were due back on Jan. 18, 2017 but no County representatives attended the Jan., Feb. or March MAC meetings, in 2017. Then on April 11, 2017 Supervisor Tavaglione eliminated the entire Highgrove MAC in spite of requests from Highgrove residents at the public hearing for Supervisor Tavaglione to allow the Highgrove MAC to continue to hold monthly public meetings.

Six months ago on June 1, 2019, I attended the Spring Mountain Ranch Park dedication where applications were available to apply for a position on the new Highgrove MAC.

But Riverside County did not send application forms to the Highgrove Happenings for publication and distribution to the rest of Highgrove.

Back on March 29, 2019 my e-mail to Supervisor Spiegel stated that our papers are home delivered to each house in Highgrove. This includes county residents west of the freeway, the original part of Highgrove, the new homes in Spring Mountain Ranch, and the new D R Horton homes.

In an effort to help maintain Highgrove's identity, all of the new street signs in the new streets in Spring Mountain Ranch and the DR Horton homes have the Highgrove logo at the top of the signs.

It has always been the policy of the Highgrove Happenings to bring Highgrove closer together for one identity but this decision by the county divides our community into old and new sections.

For 28 years Highgrove has had community meetings every month except December.

Today the people from the original part of Highgrove have been bypassed and replaced by MAC members who are all from one portion of the new homes in Highgrove.

But, by the county selecting all seven members from the new portion of Highgrove while ignoring other long time residents who applied for positions on the new MAC seems unfair, in-appropriate, and politically revengful.

This certainly is not the fault of the Sprng Mountain Ranch people who applied for these positions. We welcome all of our new residents and I hope to get to know more people from our new homes. We commend you for wanting to volunteer for your community.

In addition, by the the county boycotting the only local newspaper in Highgrove is an improper injustice that prevents important information from reaching the entire Highgrove community.

For 25 years our motto at the top of our papers state: **"Dedicated to the improvement of our community through awareness and involvement in local issues"**

But if information is intentionally withheld, we can not bring important news to the entire community.

The defendants in this case are Riverside County and if I am criticised by county management, I understand their position.

But if I have uncovered something that has been done that is inappropriate or illegal that effects every property owner in

Highgrove, then I take pride if I am called a whistleblower because I blew the whistle on what the county is doing to Highgrove. My investigative reporting has exposed Riverside County and I don't blame them for being mad at me.

This battle is truly non-partisan because if you are a Democrat, Republican, or an Independant, **all of Highgrove should be asking the county where our special assessment money went!**

And, is it improper or illegal to intentionally withhold information by boycotting the Highgrove Happenings Newspaper from publishing important information about a public meeting in order to keep some of the Highgrove residents from knowing about the Highgrove MAC meetings?

When information is intentionally withheld, we can not bring you the local news that is important to you and to your community.

On November 1, 2019, I asked who made the decision to select all of the new Highgrove MAC members from Spring Mountain Ranch and I received the following reply from Wendall Bugtai:

**"I'm working with our attorneys to determine what is permissible for public consumption related to the MAC applications and selection process."**

The selection process should have been transparent and asseisible to the public because these are public positions that should be open to all members and volunteers in our community. The selection process should not be hidden from the public!

Remember, all parcels should be paying \$120.00 per year but the Spring Mountain Ranch people are being charged almost \$3,000.00 for CSA 126 and I am standing up for you too! Check the amount across from CSA 126 on your tax bill and if it is more than \$120.00 you too should also be questioning the county.

This lawsuit was based on many things but the last 5 words in their answer to question # 22 was: **NO REFUNDS WILL BE ISSUED!**

During public comments at the Oct. 30th meeting I addressed the new MAC members by telling them that I will help them any way I can if I am asked and I requested they go to our web site: **www.highgrovehappenings.net** so they can read about highgrove on-line clear back to July 2008 to learn something about the community to which they have been appointed.

But were these appointments based on punishment for Highgrove's lawsuit against Riverside County about continuing to have to pay for our own Sheriff Deputy that was eliminated 10 years ago?

On Nov. 13, 2019 I asked for a meeting with Supervisor Spiegel and on Nov. 19, 2019 I received the following reply:

**"Our office does not feel it is appropriate for you to have a formal meet with Supervisor Spiegel until the ongoing litigation you have with Riverside County is resolved."**Highgrove,

All of our new residents should know that four members of the Highgrove community filed a lawsuit against Riverside county **on behalf of every** Cont. on P. 5

HIGHGROVE HAPPENINGS

What happened to the Highgrove Station Sign?

I took this picture in July of 2008. Highgrove is still a station on the railroad’s timetable and we would like to have the sign replaced for historical purposes.

On October 14, 2019 I sent a request to the BNSF railroad in San Bernardino to try and get the Highgrove Station sign replaced near Main Street where it was located before it disappeared.

I sent a copy of the picture I took of the Santa Fe. Steam engine 3751 when it passed through Highgrove on May 14, 2014 that shows the station sign. Later I found the above picture that was taken 6 years earlier in July 2008. I have asked the BNSF railroad to help us replace this historic sign. I even promised to have a new sign made if the railroad would provide a post and do the installation.

Dennis Gallegos Memorial

Many people have asked me to do something about the memorial to Dennis Gallegos who was killed on September 28, 2017 when, as a pedestrian, he stepped too close to a freight train at this location. We printed an article on our web site: [www.highgrovehappenings.net](http://www.highgrovehappenings.net) on page 14 of the November 2017 issue of the Highgrove Happenings Newspaper. We have asked for assistance from the BNSF railroad because this memorial is attached to the fence along Main St. that surrounds the railroad’s equipment storage yard. We realize the heartache and loss that the family has gone through but after 2 years of this memorial, people keep suggesting that the family needs to move these items to their private residences.

Highgrove MAC parcel owner in Highgrove including the original part of the new homes in Spring Mountain Ranch, and the D R Horton homes, to find out where our CSA 126 special assessment money has gone. That special tax money was supposed to pay for a Sheriff Deputy that was assigned exclusively to Highgrove and park maintenance and if not used for these 2 specific purposes it was to be “Retained” in the CSA 126 account.

Voters approved the Sheriff assessment in 1992 and 1997 by ballots mailed out by the county but no ballot was received when the sheriff was eliminated on Dec. 30, 2009. And no notice was ever sent out to the Highgrove property owners that after Dec. 30, 2009, Highgrove was going to lose its Deputy Sheriff. But for 10 years the Highgrove property owners still have to pay for the deputy we do not have that was eliminated without proper notice to the voters.

Grand Jury investigation

There has already been a Grand Jury investigation about the funds that were collected by the special CSA 126 assessment for the Highgrove Sheriff. Here is the statement released by the Grand Jury after their investigation that I read to the Riverside County Board of Supervisors on October 16, 2018.

The following information should be the first priority for the new Highgrove Municipal Advisory Council to see that the Grand Jury’s recommendations are carried out.

“Recommendations from Grand Jury to Riverside County Board of Supervisors and Riverside County Economic Development Agency.

CSA 126 Communication

CSA126 management provide a one time public notice clarifying exactly how the CSA 126 funds are distributed. this notice should include the number of parcels

CSA 126 management provide a one-time public notice clarifying exactly how the CSA 126 funds are distributed. This notice should include the number of assessed parcels, the amount per parcel for different housing areas and current agreements and contracts in effect.

At least once every 2 years, CSA management should make a summary report on line and at a public meeting open to all interested Highgrove residents. This effort is appropriate and necessary since there is no current form to discuss such issues in the Highgrove Community. Part of the summary of the contracts and agreements should explain the effective date and cost of the current chain of agreements between the CSA 126 management and the Jurupa Valley sheriff Station for focused law enforcement coverage.”

Here is a copy of the 1997 ballot that was approved by 75.8 % of the Highgrove voters to keep our Deputy Sheriff

The following statement was an “Impartial Analysis” made by the Riverside County Council prior to the 1997 Ballot:

“This tax will be retained in the CSA 126 fund to be used only for purposes of continuing Extended Sheriff, and Park and Recreation services and improvements. This tax cannot be increased except by a 2/3 vote of the electorate”

MEASURES SUBMITTED TO VOTE OF VOTERS	
COUNTY	
COUNTY SERVICE AREA 126 ZONE A	
T Shall the County of Riverside be authorized to replace, at the same rate, the existing assessment of \$120.00, with a Special Tax on all parcels within CSA 126 Zone A to continue to finance the same Extended Sheriff and Park & Recreation Services?	Yes
	No

This ballot was approved for only for two specific purposes. If not used for these two purposes the funds were supposed to be “Retained” in Highgrove’s CSA 126 account!

Written documents are inside this box of files to verify the facts about the elimination of the Highgrove Sheriff.

FAKE NEWS CHALLENGE

The articles in the Highgrove Happenings Newspaper are the truth of what is happening in and to Highgrove and we are not just printing our opinion. We print articles about what is actually happening to Highgrove that affect you and we have verification to prove that what we print is true-such as the Deputy Sheriff we are paying for that we do not have and the 18 year struggle to get a Metrolink station at Highgrove.

Documentation is available upon request and we welcome anyone who wants to challenge any statements in our paper.

Please go to: [www.highgrovehappenings.net](http://www.highgrovehappenings.net) and click on “Latest Issue” to see articles that go back to July of 2008.

Thank you for your many years of support!

Lieutenant Justin Rowan

**Riverside County Sheriffs Department**

**Jurupa Valley Station 7477 Mission Blvd.**

**Desk 951-955-2612 Cell 951-906-9695**

## Highgrove was doing fine until Riverside County did this:

\* After 17 years, eliminated the Highgrove Sheriff without notifying the Highgrove voters who voted to pay extra for their own sheriff.

\* Required Highgrove voters to continue to pay for the sheriff that they eliminated 10 years ago on Dec. 30, 2009.

\* Eliminated the Highgrove Municipal Advisory Council on April 11, 2017 because Highgrove was asking too many questions about our finances.

\* Increased the annual \$120.00 tax in the old part of Highgrove and taxed the new homes as much as \$2,967.40 for the same CSA 126 line item.

\* Set to approve a retail cannabis store at the same location that was previously opposed by Highgrove residents without any input from the new Highgrove Municipal Advisory Council or notifying the local Highgrove newspaper about the Planning Commission meetings.

## Input needed from all Highgrove residents!

Two ballots approved the special tax for our Deputy but no notice was given to the voters when the Highgrove Deputy was eliminated.

If you live in Highgrove east of the I-215 freeway check your property tax bills. The older part of Highgrove is paying \$120.00 but if the amount directly across from CSA 126 on your tax bill is more than \$120.00 you are paying too much. Please send your comments and copies of your tax bills to: [highgrovenews@roadrunner.com](mailto:highgrovenews@roadrunner.com) Thank you!

(951) 683 4994

## County Planning Commission and Board of Supervisors planning to approve Marijuana Store in Highgrove!

**Residents need to be there on Dec. 10, 2019.**

There will be a public hearing at 10:00 am on Dec. 10, 2019 on the first floor of the Riverside County Administration Building, located at 4080 Lemon St. in Riverside.

All Highgrove residents are encouraged to attend this meeting, fill out a "Public Comments" card, and voice your opinion about allowing a marijuana business to operate at this location.

This was the former Hughes Appliance store in Highgrove

According to an article in the Press Enterprise on Nov. 24, 2019, the Riverside County Planning Commission is planning to open the first marijuana store in the county in Highgrove at the same location that was opposed by Highgrove residents several years ago.

Several years ago this location was part of Riverside's facade improvement program that improved the frontage of several businesses in Highgrove. The above building used to be the Hughes Appliance Store for many years then it was a second-hand store called Lady Cool Stuff. The last occupant was a marijuana dispensary called Casa Marijuana but due to citizen's complaints they were closed down.

The latest applicants have similar stores in West Hollywood and Los Angeles.

The Press Enterprise article was the first time I found out about this subject even though the Highgrove Happenings

Newspaper has been the only local newspaper in Highgrove for the last 25 years. The P E article stated: *"While no one at Wednesday's Planning Commission spoke against the Artist Tree, the city of Riverside-whose city limits are 1,500 feet from the proposed store-expressed concern in a letter to the county. The city which doesn't allow retail cannabis, worries that the store might attract crime, as well as the prospect of minors getting access to marijuana and 'back door sales' from a lack of proper inventory control"*

The previous concerns that were raised about this property were that the small parking lot would require vehicles having to back out onto busy Iowa Ave. when leaving the parking lot. (Go to: [www.highgrovehappenings.net](http://www.highgrovehappenings.net) "Latest Issue" and look on page 13 of Sept. 2014).

The applicants state they want 20 parking spaces and expect 300 to 400 customers per day that will also include marijuana delivered the same way pizza is delivered. The reason that Highgrove residents didn't attend the Planning Commission meeting on Nov. 20, 2019 was because we did not know about it!!!

Please get involved by monitoring the Board of Supervisors agendas by going to: [bosrivco-cob.org](http://bosrivco-cob.org) and then let everyone on "Next Door" know about the Dec. 10th meeting so our community can be represented. Public input is needed at the Board of Supervisors meeting on Dec. 10th or whenever this item comes up before the board.

## Highgrove Elementary School Career Day

On November 6, 2019 Highgrove Elementary School held another Career Day where people from different occupations came and talk ed to the students. I have participated in this program for several years and this year I was in Dan Arjonas class which was a mixture of 4th, 5th, and 6th grade students. After 30 minutes the students leave and 30 different students come into the classroom. Each group of students has a particular classroom to go to when the buzzer sounds. I talked to them about publishing

the Highgrove Happenings Newspaper out of our house for 25 years and also about railroad safety. I asked them to stay away from the tracks and if they are riding in the car with their mom or dad to tell them to "STOP" before they drive across the tracks if there is not enough room on the other side for their car. This is important because when traffic backs up you could be stuck on the track with cars ahead and behind you and you can not move. This has happened before!

## Mary Caranza turns 100 years old

**Mary Carranza**  
Mary was born in Larado Texas on Oct. 4, 1919 and came to Highgrove as an infant where she has lived ever since. Mary started working when she was 14 years old and her sister said once she was a baby sitter for Denis Kidd. She worked at the Brown Estate Packing house in Highgrove for over 60 years while she was into her 80's. She is currently living with her sister Carmen Caranza. Carmen said that Mary still enjoys working in her garden and Carmen and Mary enjoy going places together. Congratulations Mary, I know you have seen many changes in Highgrove over the last 100 years! WOW!

## Obituary

### HOWARD GILBERT HALL

Age 97, passed away on Nov 22, 2019 at Riverside Community Hospital. Howard was born in San Francisco, on May 1, 1922. He was a graduate of SF State University, a WWII Army Air Corps pilot and a 5-year FBI agent. In 1947 he married Joan Herrick, a college classmate and in 1952 they settled in Riverside, CA where he was an orange grower for 50 years. Howard was predeceased in 2018 by his wife Joan and is survived by their 3 sons: Eric (Sadie), Jeffrey K(Shelly) and Scott (Leanne); 4 grandchildren & 7 great- grandchildren. Private family inurnment @ Evergreen Memorial Park.

*The vacant 40 acre property west of the school, south of Center St. and North of Spring St. used to be an orange grove that was owned by Howard and Joan Hall. When I was in Poly High School I used to smudge this grove and other groves in Highgrove. This prevented the oranges from freezing when the nighttime air turned cold in the wintertime. After the smudge pots wer lit we would go to Ben's Place for hamburgers while we waited for morning when we could cap off the vents to the smudge pots to put the fires out. The former Ben's Place burned down recently on October 19, 2019. Joan Hall is the author of a book about Highgrove titled "A Citrus Legacy" that I highly recommend. Ask the Highgrove library if they have a copy.*

# HIGHGROVE HAPPENINGS

## "You Can Quote Me"

By Cynthia Williams, DC

Former Highgrove resident now living in Oregon "Oh, the weather outside is frightful..." ~ "Let it Snow, Let it Snow, Let it Snow" Do you remember the Christmas song by Sammy Cahn?

Winter starts early up here. If you talk to some of the locals, they are thrilled we have been inundated with snow before Thanksgiving. So had a white Thanksgiving (can't find a song about that...) and the way the weather is up here, we could have a brown Christmas. It's always a wait and see. I'm no longer excited about snow. It's pretty and nostalgic but when you have to shovel it, scrape it, and drive in it, the warm fuzzies can't stand up to the chill.

Now it's Christmas present shopping time. If you didn't get your list completely checked off on Black Friday (and I hope not on Thanksgiving!) or Cyber-Monday, I hope you can finish your shopping a special way.

Buying local is an ever growing ethos that's a really good idea. Area artisans and businesses depend on your shopping dollars to survive and thrive. They pay rent and taxes locally and that supports your community.

Shopping locally isn't necessarily more expensive and you get the opportunity to give something that can be unique and treasured. Even a gift card from a local shop or restaurant helps keep your money in your community. It's also better for the environment- always a bonus.

Maybe you're a crafter. Can you sew or quilt? Knit or crochet? Are you a wood or metal worker? Do you paint? Maybe your skills are trades like auto repair, plumbing, electrical, or building. There may be someone on your list needing your special skills. (HINT) That could be a gift that's heaven sent for someone on a tight budget.

Try to think outside the prettily wrapped and glittered box. Look for more thoughtful and personal ways to show you care about the person you are wanting to give to.

Have a very Merry Christmas!

## Donations needed for Container to Protect Highgrove's Historical Papers

It is always important to look to the future but it is also important to see where we have been and what happened yesterday and beyond.

Most of the past issues of your local Highgrove newspaper are available at the Highgrove Library but additional information about our papers goes back almost 25 years. Each month for 25 years I have gathered information for the Highgrove Happenings Newspaper but many things may not have actually been included when we went to print.

To those of you who are new residents, this information will enable you to see some of the local landmarks that have disappeared before you moved to Highgrove and you may learn something about Highgrove's past that you did not know.

I have the excess information

that I used for researching the facts before going to print but unfortunately I am out of room for these boxes of information.

The container in the community center parking lot is now being used by the Riverside County Economic Agency and we have asked the county for permission to place another container next to theirs just for Highgrove items that we are collecting for a future Highgrove Museum and the signs, posters and equipment we have collected for "Highgrove Day" for the past 32 years.

If we receive permission from the county we can have a 20 ft. container delivered for \$2,000.00 and placed next to the one shown above.

Then, with permission from the county, donations will be collected in order to purchase a container exclusively for these Historical Highgrove items.

## Help!

Highgrove Happenings needs your help!

If you like receiving important information about your community that is delivered free to you each month, then we could use your help! Due to health issues my wife is not able to help as much as she used to and we need your assistance. If you have a computer or cell phone please help us. Thank You! "Barney"
