Airfest at Redlands Airport

On Saturday and Sunday May 18 & 19, 2019 the 11th Anniversary Airfest was held at the Redlands Municipal Airport.

I was glad I went on Saturday because it rained on Sunday.

There were lots of airplanes and there was a large crowd. One of my favorite planes is a P-51 Mustang and I have always wanted to ride in one.

But the \$1,800.00 cost stopped me so I found another way!

Airfest Cont. on P. 4

“Lady Alice” is a P-51D that is based out of the Chino Airport and the pilot is shown here giving us a thumbs up!

Traditionally June is a busy month with school letting out, graduations, weddings, and going off to camp and vacations. Somehow we manage to squeeze Father's Day in there.

"My father... gave me a positive connection with men because he is a gentleman." ~ Iman Dad deserves to be recognized with his own special day. Father's day was a big deal for us- my dad being the head of our large family of eight children. He was a hard working man and had very little free time but he was a wonderful father so we tried to make a big deal of his very own holiday by giving him his favorite candy and chocolate chip cookies and showering him with love. We lost him way too soon at the age of 66. Now Father's Day is bittersweet but I never fail to remember him in my own way. My dad was loved and respected, which is as it should be. Dad was a Captain in the Air Force, was a true gentlemen, and loved my mother deeply. My father spoiled me for any man to come along in my life. I thought they were all hard working, charming and

funny, affectionate, and treasured their wives. While he wasn't a rarity among men, he set the bar pretty high. I often wonder what dads think of their characterization in current TV sit-coms and commercials. I don't usually watch sit-coms and I zip through the recorded commercials but my impression is that too often dads are presented as dopey, inept, and clumsy. They are made the butt of jokes not portrayed as the other responsible adult member of a family. The dads of "Father Knows Best" and "Leave it to Beaver" are long gone. Instead of Sheriff Andy of Mayberry we are getting Deputy Fife. It's probably great for a laugh but what kind of message does it send to the kids watching? Instead of respecting their father they are being taught it's ok to make fun of him and put him down, sometimes with Mom or another adult joining in. I see that as a problem. Throughout history fathers have ruled the roost, not always with high standards. Henry VIII and George VII were selfish and cruel to their children. Fiction fathers are worse; Tywinn Lannister (George RR Martin- Game of

What is happening at the bottom of Jap Hill?

If you have been up or down Jap Hill you may have been wondering what they are doing. Part of the dirt bank has been graded away and steel mesh has been installed to hold the dirt bank on the downhill side. The grading is being done by Edison to make an access road to new equipment that they will soon be installing along the base of Jap Hill.

Thrones), Heathcliff (Emily Bronte- Wuthering Heights). Men- there is a very visible number who make you look bad! (Harvey Weinstein, Anthony Weiner, too many professional athletes). Unfortunately there are too many bad fathers in our everyday lives. No names here but I've known fathers who were molesters, physically and verbally abusive, and negligent. BUT there is also a very visible number who make dads look good. (President Obama, Kirk Douglas, Hugh Jackman, and Jimmy Fallon.) It's been my experience that most dads are decent and caring, and involved with their children.

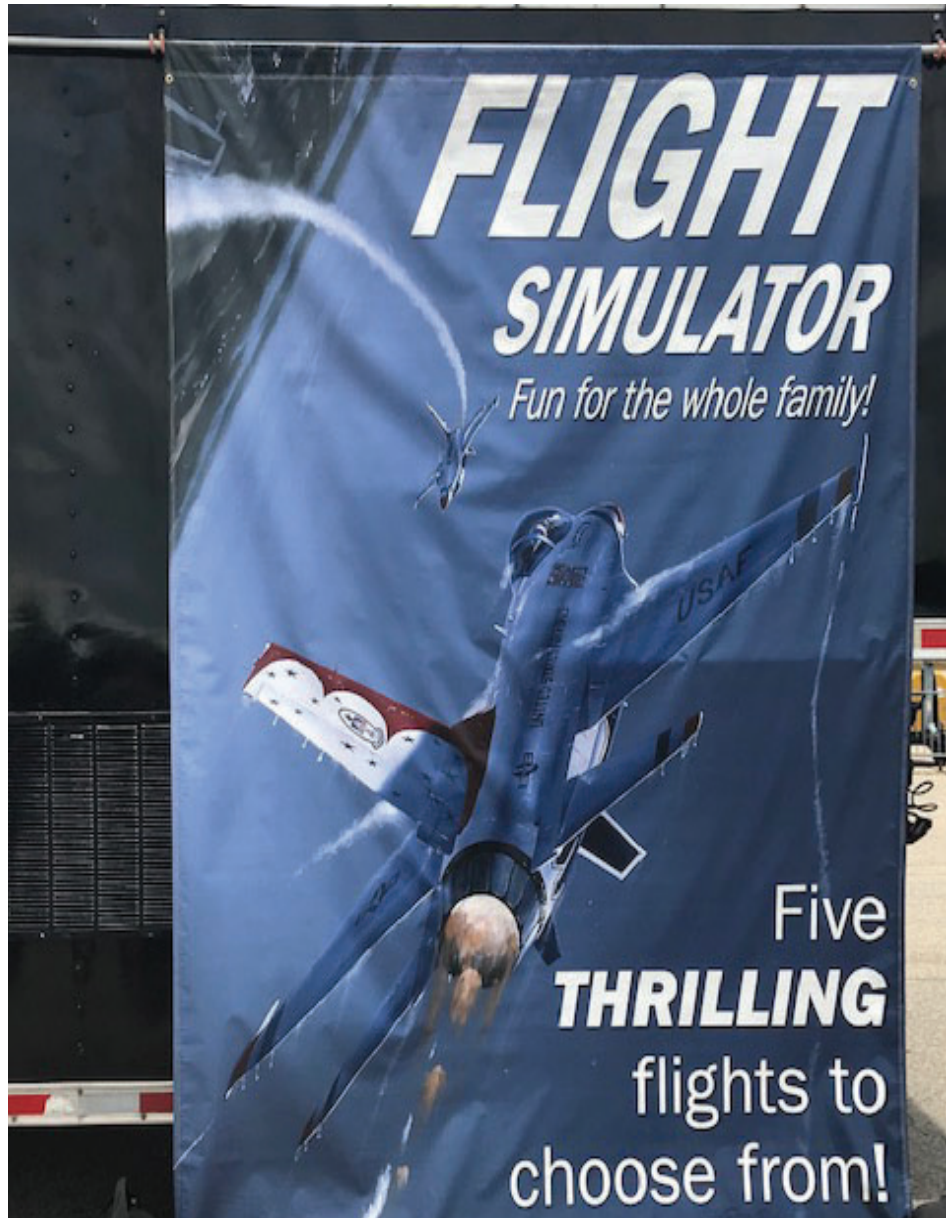

Like my dad, my five brothers have been devoted family men; my son-in-laws are also. You know men who are great dads. These good men deserve to be recognized and honored. Dads - don't put up with being put-down. If a characterization makes you uncomfortable, send an email to the network and the show. The shows can be funny without it being at your expense. Have confidence and respect in your own life for yourself. If you have sons, it will be for their benefit.

Enjoy Father's Day, graduations, weddings and all the other fun things that come with Summer!

So for \$10.00 I went in the Simulator that was just like flying in a P-51 Mustang. It is very realistic and when the plane goes upside down or does a roll you may hang from the ceiling from your

Palmyrita & Mt. Vernon Ave. shut down during illegal street racing!

On Saturday May 11, 2019 about 100 vehicles shut down the intersection and the Sheriff responded. Multiple citations were issued and a pursuit ensued with speeds reaching 100 MPH. The chase ended in San Bernardino at a business park near Waterman and Washington and Giovanni Bello, 19 from San Bernardino was arrested on suspicion of evading law enforcement and child endangerment because a juvenile was in the passenger seat. Bello was booked and jailed in Riverside with bail set at \$100,000 and released the next day. He is scheduled to appear at the Riverside Hall of Justice on July 11, 2019.

TRANSPORTATION

RCTC's "REBOOTMYCOMMUTE" PROGRAM QUESTIONED!

The Riverside County Transportation Commission (RCTC) has a new program called "RebootMyCommute" that is asking Riverside County residents and businesses to submit ideas about a long-term transportation plan that Riverside County voters approved in 2002.

RCTC will be adopting a new 10-year plan for highway and transit priorities this summer. RCTC's Executive Director Anne Mayer said: *"We will need to think outside the familiar white and yellow lines, the status quo is not sustainable, and all ideas are welcome."* And a video on RCTC's website, Mayer

said: *"We will listen to you."*

But that is not true!

For 18 years I have been trying to get RCTC's Executive Director to listen to me and the people from Riverside County, San Bernardino County, and politicians who support a Metrolink station at Highgrove.

On May 13, I requested a meeting with Anne Mayer to discuss RCTC's new "RebootMyCommute" program but the following day I was told by her office that Anne Mayer was:

"unavailable" to meet with me (not now or ever it seems). Highgrove currently has four home builders who are con-

structing hundreds of new homes where there used to be orange groves. KB Homes is building 1,409 homes in a development called Spring Mountain Ranch in Highgrove. DR Horton has also completed 69 homes in one nearby project and 36 in another project and Lennar homes is building 72 new homes and all of these new homes are in Highgrove. Most of these new Highgrove residents are dual-income young families, commuting several miles to jobs and reliant on Riverside's 60, 91 and 215 freeways. What an advantage it would be to have a nearby Metrolink station

with access to Los Angeles, Orange and San Bernardino Counties.

RCTC owns two properties within one mile!

RCTC owns a Metrolink Station at Marlborough Ave. that opened in June 2016 and 17 acres of vacant land at Highgrove.

Marlborough Ave.

Metrolink Station:

The 3year old Metrolink Ave. station on the Perris Valley Line has minimal five days a week ridership, no weekend service, an empty parking lot due to infrequent trains, and no way for Metrolink commuters to get to San Bernardino (Cont. on P. 9)

Love has no Boundaries!

Gene Carlstrom and Pat Smith wed in Grand Terrace

Gene seems to be very happy as he and Pat are about to get into the stagecoach after their wedding ceremony.

This popular couple is very familiar to many long time residents in the Grand Terrace, Colton, and Riverside Area. On May 25, 2019 they were married in front of a packed church at the Grand View Baptist Church in Grand Terrace. Their trip from the church to the reception was in this stage coach. The reception was held at the Eagles # 997 in Highgrove and was also a packed house with good food and live music.

At 87, Gene said it was OK to say he married a younger woman who is only 79 because love has no boundaries!

because all of the PVL trains go to Riverside.

Highgrove Metrolink location:

But RCTC’s 17.22 acre property one mile away is still vacant land (except for the width of the curved track) and RCTC’s land is located right next to the track where daily Metrolink trains go between San Bernardino and Oceanside 7 days a week in both directions. Trains 803, 805, 807 and 815 go from San Bernardino through Highgrove and Riverside to Oceanside (where there are other connections to San Diego and Los Angeles) every day of the week including week-ends.

And trains 802, 808, 810 and 812 go from Oceanside through Riverside and Highgrove to San Bernardino (where there are other connections to Los Angeles on the San Bernardino Line from the San Bernardino depot and are also operated every day of the week including week ends. The Highgrove Metrolink station is 7 rail miles from San Bernardino and 3 ½ rail miles from Riverside.

All that is needed at Highgrove is a parking lot and momentarily stop the existing Metrolink trains. No new coaches, engines or train crews are needed because the trains are already scheduled on the Inland Empire/ Orange County Line timetable which

is an established Metrolink route between San Bernardino and Oceanside.

We have written support for the Highgrove station from both sides of the county line. City resolutions from Grand Terrace (12-13-2001), Loma Linda (1-24-2002), Colton (4-15-2015), and letters from State Senators from both counties, and other organizations that can be seen on our web site. Congressman Takano came to Highgrove and said: **“Both locations are needed because they have different destinations”**.

So if Anne Mayer says: **“all ideas are welcome”** why does she continue to oppose building a parking lot and a station at Highgrove where the people want a station that will serve hundreds of commuters from both counties?

Instead of Anne Mayer continuing to oppose the Highgrove station, she should be listening to the people and directing her commissioners to approve a station at Highgrove where RCTC already has **\$5,347,500.00 invested in vacant land that is just growing weeds!**

Over 10 years ago, on Feb. 15, 2009, Anne Mayer was quoted in the Press Enterprise saying: **“We have to put the stops where they serve the most people.”**

But today Highgrove and the surrounding areas have waited 18 years and now it is time for RCTC to listen to the very people who are most likely to use Metrolink.

The Highgrove location should be approved now before a 10-year plan is finalized. Waiting another 10 years is out of the question! If the “RebootMyCommute” program states: **“We will listen to you”** but Anne Mayer will not actually listen to the people, then this program is useless!

On March 8, 2017 during public comments, I told RCTC Chairman Tavaglione that RTA would provide a bus to take the commissioners to their Highgrove property. But he stopped it and that same afternoon he called for a Public Hearing and eliminated our

entire Highgrove Municipal Advisory Council.

But **WHY** do the RCTC leaders continue to oppose a Highgrove station? **RCTC’s Leaders** have stopped the Commissioners from coming to Highgrove and it is not the commissioner’s fault!

FAKE NEWS CHALLENGE

The articles in the Highgrove Happenings Newspaper are the truth of what is happening in and to Highgrove and we are not just printing our opinion. We print articles about what is actually happening to Highgrove that affect you and we have verification to prove that what we print is true-such as the Deputy Sheriff we are paying for that we do not have and the 18 year struggle to get a Metrolink station at Highgrove. Documentation is available upon request and we welcome anyone who wants to challenge any statements in our paper.

Please go to: www.highgrovehappenings.net and click on “Latest Issue” to see articles on-line that go back to July of 2008.

Thank you for your many years of support!
